IMPORTATIONS OF DISEASED ANIMALS

BOARD OF HEALTH IS ASKED TO MAKE REGULATIONS PROVIDING FOR EXAMINATIONS.

At the meeting of the Board of Health yesterday a donation of \$20 per month for the dispensary was reported by President Pinkham. The president also reported that he had received another donation, the giver of which desired to remain anonymous. The following orders in accordance with the new laws were given:

"The milk inspector's office to be declared vacant May 31.

"The druggist at the Dispensary to be discharged May 31.

"A consultation was had with the Governor and it was directed that there be no responsibility taken as to the Government physicians beyond that contemplated by the law. There being no direct appropriation for medicines for Government physicians it was directed no temporary expedients be undertaken."

The following letter from Superintendent Holloway was referred to the committee on rules and regulations:

"I beg to acknowledge receipt of your favor of the 16th inst., enclosing copy of communication from J. R. Shaw, former Government Veterinary. I note that you call my attention to sections 1672 and 1687, and that it is your impression that the appointing power for the inspectors lies with the Governor of the Territory. However, the duties of the Minister of the Interior as described in Section 1672 were placed under the direction of the Superintendent of Public Works, after the former office was abolished.

"This matter was brought to my attention by Dr. Shaw on account of the refusal of the Metropolitan Meat Co. to pay for inspection of certain animals imported from the United States. Their reason for taking this action was due to the fact that their attorneys advised them that the law as specified in Section 1681 was contrary to certain United States laws, covering inter-state shipments.

"I have referred this question to the Attorney General's Department, and they have the matter in hand at the present time. In talking the matter over with Mr. Peters he seems to agree with the attorneys of the Metropolitan Meat Co. in regard to charges for inspection.

"I have thought, however, that it is within the powers of the Board of Health to make regulations covering the importation of live stock, and as it is undoubtedly quite important to have all animals brought into the country examined for contagious diseases, I would suggest some form of regulation from your Department authorizing the charging of fees, and making the amounts similar to those as specified in Section 1681 of the Penal Laws.

"On receipt of a final opinion from the Attorney General, I will be pleased to advise you further.

"Yours respectfully,
"C. S. HOLLOWAY.

"Superintendent of Public Works."
Dr. J. S. Pratt, city sanitary officer and inspector of cemeteries, in his report for the month of April to the president of the Board of Health says:

"Twenty recommendations for hotel, restaurant and lodging house licenses were issued during the month and 872 adults can be lawfully lodged in the buildings. No recommendations for licenses held over from previous months.

TRAVESTY STARS IN CAKE WALK

An Impromptu Dance and Much Merriment at the Hawaiian.

The members of the American Travesty company had a night of last evening and enjoyed it immensely. Conforming to the announcements already made there was no performance at the Orpheum last night. Col. Macfarlane of the Royal Hawaiian Hotel where the company are staying, provided one of the hotel's popular Continental French dinners. There were a number of guests from outside at the hotel and the dining lanais and dinner hour were very gay. After dinner a party of the Travesty Stars went out for an evening drive in a four-in-hand park wagon. On their return a quintet of native musicians was on hand, and an impromptu dance was started. Waltzes and two-steps followed in quick succession, and during the evening there was a delightfully executed cake walk which called out much applause from the guests and others who were on the lanais watching it.

THE NEW YORK BAND TO PLAY.

Every settee and available chair was requisitioned last evening at the Moana Hotel to accommodate the guests at the concert by the Hawaiian band.

The Hawaiian songs were unusually well received especially so by the recent arrivals in the army and navy to whom the introduction of vocal music was an innovation.

Tomorrow evening's concert by the band from the cruiser New York promises to be unusually interesting if the class of music to be rendered is any criterion.

Ellis quintette club will render the music for the dances while the band will discourse in the intermissions. March—"A Prince of Good Fellows" Clouder

This is a cogent reason why The Star's advertising columns are so generally used and so widely read.
